Profile

UI/UX Engineer with **8+ years** of experience delivering user-centric digital solutions for web and mobile platforms. Proven expertise in translating business requirements into intuitive designs through wireframing, prototyping, and usability testing.

Professional Experience

UI/UX Engineer, *Persivia* ⧉   2020 – present
Led UI/UX design for web and mobile **Healthcare** apps, focusing on a patient content management system. Delivered wireframes, prototypes, and usability tests to ensure intuitive UX. Built reusable UI components with **Bootstrap** and **Kendo UI,** ensuring compliance with healthcare standards.

UI/UX Developer, *Cyber Advance Solutions* ⧉   2018 – 2020
Designed and developed custom websites for e-commerce and marketing campaigns, focusing on user-friendly interfaces. Built a school management system using **React** and optimized post-launch performance.

Front-End Developer, *Trangolabs* ⧉   2017 – 2018
Created **WordPress** themes and wireframes for VR applications, translating business requirements into functional designs. Ensured cross-browser compatibility and responsive layouts.

Junior Graphic Designer, *Wali systems* ⧉   2016 – 2017
Designed digital assets (banners, templates) for social media campaigns and collaborated with marketing teams to enhance brand visibility.
